

GENERATING MORE ENERGY WITH LESS

Weatherford helps you to make the best use of your resources. By bringing our own innovative and energetic spirit to your operations, we help you to get more out than what you put in. It is our mission for every operation—from evaluating, to drilling, constructing, completing, and producing—to deliver more value than the last.

SOLVING KEY CUSTOMER CHALLENGES

We offer a formidable portfolio of distinctive technologies and services to address the industry's biggest challenges for maximum profitability. By combining our offerings, we create unique solution sets that empower you in a wide range of applications, including mature fields, unconventional, deep water, heavy oil, geothermal wells, gas-storage wells, and more.

SAFETY AND SERVICE QUALITY STRIVING FOR FLAWLESS EXECUTION

Our commitment to safety and service quality is embedded into every level of our organization. Our Operational Excellence and Performance System (OEPS), which meets criteria outlined by national and international management system standards, supports our employees in the field and enables us to deliver on our customer commitments without sacrificing quality, health and safety, security, or environmental performance.

+ OPTIMIZED SOLUTIONS

Weatherford products and services are subject to the Company's standard terms and conditions, available on request or at weatherford.com. For more information contact an authorized Weatherford representative. Unless noted otherwise, trademarks and service marks herein are the property of Weatherford and may be registered in the United States and/or other countries. Weatherford products named herein may be protected by one or more U.S. and/or foreign patents. Specifications are subject to change without notice. Weatherford sells its products and services in accordance with the terms and conditions set forth in the applicable contract between Weatherford and the customer.

OUR CAPABILITIES

TECHNOLOGIES AND SERVICES TO OPTIMIZE CONSTRUCTION, MAXIMIZE PRODUCTION,
AND MAINTAIN WELL INTEGRITY FOR A LIFETIME

FORMATION EVALUATION

Reduce reservoir uncertainty

Logging While Drilling

Extreme-Temp Triple Combo Logging
Azimuthal Acoustic Logging
Azimuthal Resistivity Logging
Spectral Gamma Ray Logging
Electrical Borehole Imaging
Ultrasonic Borehole Imaging
Pressure Testing
Well Placement Services
Interpretation and Evaluation Services

Wireline Services

Openhole Wireline
Cased-Hole Wireline
Borehole Seismic Services
Wireline Conveyance
Wireline Surface Equipment
Slimline Logging Services

Testing and Production Services

Surface Well Testing
Drillstem Testing
Flow Measurement

DRILLING

Reach your drilling targets
and construct with integrity

Fluid Systems and Drilling Waste Management

Fluid Systems

- Drilling Fluid System
- Completion Fluid System
- Recyclable Fluid System

Drilling Waste Management

Drilling Services

Logging While Drilling
Measurement While Drilling
Rotary Steerable Systems
Directional Drilling
Borehole Enlargement
Drilling with Casing/Liner

Managed Pressure Drilling

Intelligent MPD System
Automated MPD System
Underbalanced Drilling
Pressurized Mud-Cap Drilling
Air Drilling
Managed Pressure Cementing
Engineering and Consulting

Rental Tools and Services

Tubulars and Handling Tools
Drilling Tool Accessories
Impact Tools
Borehole Enlargement
Machine Shop and Inspection Services

Pressure Control

Wellheads
Blowout Preventers
Rotating Control Devices
Downhole Deployment Valves
Pressure Control Systems
Critical Well Control Support

Liner Systems

Integrated Systems
Liner Hangers
Liner Packers
Running Tools and Accessories
Tieback Equipment
Cement Displacement Tools

Cementing

Cementing Wiper Plugs and Darts
Cementing Rental Tools
Centralizers
Float Equipment
Stage Cementing Tools
Integrated Systems
Pumping Services

Pump and Fluid Systems

Horizontal Multiplex Pumps
Progressing Cavity Pumps
Triplex Pumps

Real-Time Data Services

COMPLETIONS

Set the stage for reliable,
prolific production

Safety Systems

Tubing Retrievable
Wireline Retrievable

Production Packers

Sealbore
Multi-String
Single-String
Hydrostatic
Service Tools
RFID-Enabled Systems

Reservoir Monitoring

Pressure and Temperature Monitoring
Fiber-Optic and Electric/Quartz Pressure
and Temperature Monitoring
Thermal Monitoring
Flow Monitoring
Surface Instrumentation
Data Visualization Software

Pressure Pumping Services

Hydraulic Fracturing
Sand Control and Gravel Pack Pumping
Cementing Services
Coiled Tubing
Sand-Conglomeration Services
Acidizing Services
Proppant Transport and Suspension Fluid
Diverting Agent and Stimulation Enhancer

Flow Control

Sliding Sleeves
Conventional and Premium Landing
Nipples and Plugs
Tubing Testing Tools
Retrievable Gauge Hanger Systems
Flow-Control Injection Valves and
Backpressure Valves

Isolation Barrier Valves

Bidirectional
Fluid Loss
Formation Saver
Injection Saver
RFID-Enabled Barrier

Multistage Fracturing

Composite Plugs
Stimulation Sleeves
Openhole Isolation
Stimulation Services
Toe Sleeves and Wet Shoe Subs
Dissolvable Frac Balls

Openhole Isolation Packers

Cup-Seal
Swellable
Hydraulic/Hydrostatic

Sand Control

Conventional Well Screens
Expandable Sand Control
Gravel Pack Systems
Inflow Control Devices
Openhole Packers
Reservoir Isolation
Specialty Screens

Cased-Hole Wireline

Perforating Services
Borehole Seismic Services

Completions Well Services

Thru-Tubing Intervention
Thru-Tubing Sand Control
Safety Valve Rejuvenation
Remedial Production Enhancement
Conveyance Methods

PRODUCTION

Boost efficiency with fieldwide
production optimization

Artificial Lift

Capillary Injection Systems

- Capillary Units
- Downhole Injection Valves
- Externally Banded Capillary
- Injector Heads
- Pumping Systems

Electric Submersible Pumping Systems

- Downhole Components
- Sizing Software

Gas-Lift Systems

- Specialty Systems
- Valves
- Mandrels
- Downhole Injection Systems
- Latches
- Kickover Tools
- Accessories

Horizontal Pumping Systems

- Surface Units

Jet Pump

- Subsurface Pumps
- Surface Units
- Centrifugal Jet Pumps

Plunger Lift

- Bumper Springs
- Lubricators
- Plungers

Progressing Cavity Pumping

- Design Services
- Downhole Sensors
- Prime Movers
- Pumps
- Surface Equipment
- Torque Rods

Reciprocating Rod Lift

- Prime Movers
- Conventional Pumping Units
- Long-Stroke Pumping Units
- Pumping Unit Services

- Surface Unit Condition Monitoring
- Rod Rotators
- Subsurface Rod Pumps
- Sucker Rods
- Sucker Rod Guides
- Continuous Rod

Automation

Edge Controllers
Variable Speed Drives
Lift Controllers
Emergency Shutdown
Facilities Monitoring
Power Optimization
Well Testing

Production Optimization Software

Lift Optimization
Asset Optimization
Well Modeling
Surface Network Modeling
Surface Network Optimization
Reservoir Modeling and Monitoring
Optimization on the Cloud

IoT / SCADA Software

Upstream Monitoring and Control
Midstream Monitoring and Control
Measurements and Processing
SCADA on the Cloud

Flow Measurement

Electronic Flow Measurement
Gas Flow Measurement
Multiphase Flowmeters
Subsea Water-Cut Meters
Surface Water-Cut Meters

INTERVENTION AND ABANDONMENT

Extend the productive life of any asset

Fishing Services

Openhole Fishing
Cased-Hole Fishing
Milling and Washover
Casing Repair
Impact Tools
Heavy-Duty Wireline Fishing

Wellbore Cleaning Services

Mechanical
Chemical
Filtration

Re-Entry Services

Openhole Systems
Cased-Hole Systems
Multilateral Systems

Well Abandonment Services

Slot Recovery
Subsea Abandonment
Rock-to-Rock Barriers
Jacking Services
P&A Mechanical Cementing Packages
Conductor Removal
Pulling and Jacking Units
Rigless Solutions

Casing Repair and Zonal Isolation

Expandable Cased-Hole Liner
Casing Patch

Cased-Hole Wireline

Mechanical and Plugback Services
Perforation
Pipe Recovery
Slickline Services
Heavy-Duty Wireline Fishing

TUBULAR RUNNING SERVICES

Enhance safety and efficiency during
tubular operations anywhere

Automated Connection Integrity

Traditional Systems

Tubular Management

- Bucking Systems
- Offline Makeup Facility

Mechanized Rig Systems

- Rig Integration
- Top-Drive Casing Running
and Drilling
- Completion Running
- Riser Running
- Positioning Systems

Conventional Rig Services

- Torque Monitoring
- Handling Equipment
- Power Tongs

Drilling with Casing

Drill Bits
Directional Drilling with Casing
