

Dual-String Treetop Adapters

Weatherford's WFT-DRX dual-string treetop adapters are designed for side-by-side use on independent flanged multistring Christmas tree runs. The adapters provide ready access for wireline, lubricators, and other downhole equipment and have an API segmented WFT-DRX flanged bottom connection. All adapters provide a quick-change union connection with a pressure bleed-off port and upset tubing lift threads.

Specifications

Dimensional Data*									
Nominal Flange Size (in.)	A (in.)	B (in.)	C (in.)	D (in.)	E (in.)	F (in.)	H (in.)	J (in.)	K (in.)
